

2020 Michigan State Police Crime Clearance and Crime Count Comparison Report

Data contained within this report represents crime reported by the Michigan Department of State Police to the Michigan Incident Crime Reporting Program (MICR) as of 3/1/2021 (for 2020 data) and 3/11/2020 (for 2019 Crime Count comparison data).

*Official MICR Crime Counts use the following logic: for Crimes Against Persons, Victim Counts are used based on an offense hierarchy where only the most serious offense per victim is counted; for any other crimes, Offense Counts are used except for the three file classes noted below:

- Crime Counts for MICR 22001 and 22002 (Burglary) are determined by the total premises entered during the commission of those offenses.
- Crime Counts for MICR 24001 (Motor Vehicle Theft) are determined by the sum of total attempted motor vehicle thefts and the total vehicles stolen.

The clearance rate is determined by summing total arrests and total exceptional clearances and dividing by total incidents.

The Crime Count percent change is calculated using the formula: $((2020 \text{ Crime Count} - 2019 \text{ Crime Count}) / 2019 \text{ Crime Count}) \times 100$

Note: Since the 2019 Crime Clearance and Crime Comparison report was published, some changes have been made. The report now utilizes the official MICR Crime Count to compare crime from previous year to current year. Previously, Offense Counts were used in this comparison. The Crime Count provides a more complete and accurate representation of crime as this metric takes into account victims of crime (for crimes against persons) as well as the other factors detailed above while Offense Counts simply sum the discrete offenses submitted to the MICR program. For this year's report, the Offense Count for 2020 is instead included as a column within the "2020 Data" section of the table.

Crime Against	MICR Offense	2020 Data						2020 Crime Count*	2019 Crime Count*	Pct. Chg.
		Total Victims	Total Offenses	Total Incidents	Total Arrests	Except. Clears.	Clear. Rate
